Glossary

Value

The total value of the trade/position, where the quantity is multiplied by the price.

Adjustment

Corrections made to the account balance due to unusual circumstances (e.g. changes to the amount of a corporate action after distribution)

Average Price

The average price of the open prices for each fill for the position.

Bonus

Free shares, received as part of a Trading 212 promotion.

CFD

Contract for difference.

Dividend

In the CFD Overview, it shows the net dividend received.

Dividend adjustment

When an adjustment related to an already-paid dividend is processed.

Net Dividend

Dividend received following withholding taxation in an Invest account.

Gross Dividend

Dividend received prior to withholding taxation in an Invest account.

Loss

The realized negative result from trading via a CFD or Invest account.

Execution price

The price at which the instrument was sold or a position was closed.

FX Fee

Represents the total amount of currency conversion fees from your trades and manual currency exchanges.

Price

The end-of-day market price in the instrument currency.

Profit

The realized positive result from trading via a CFD or Invest account.

Closed result

- In Overview, the sum of results in different currencies is converted into the primary account currency using the end-of-day exchange rate from the end of the tax year.
- In Sell trades/Closed position, the result of the specific trade in the currency it was executed in.

Result adjustment

Used in case of an adjustment related to a client's position.

Tax Withheld

The amount of the withholding tax for dividends and/or distributions.

WHT

A tax deducted at source, especially one levied by some countries on interest or dividends paid to a person resident outside that country

WHT Rate

The percentage applied as a withholding tax

Exchange and government fees

It includes PRM-fees, FINRA-fees, transaction costs, stamp duty, etc.

Third-party fees

In the Overview, showing the sum of Exchange and government fees, and ADR fees.

ADR fee

An administrative fee for holding American Depositary Receipts (ADRs). This small cost is from the depository bank that manages the stock, and we pass it directly to you—typically \$0.01 to \$0.05 per share.
